Subject: Visa Request App Notification for you: Eligible to proceed with an EB-1 application

Dear Ritesh Grover,

After review of your questionnaire it appears you may be eligible to proceed with an application in the EB-1 category.

Please proceed to the [Visa Request Application](#) to fill out the I-140 questionnaire and submit to Global Mobility.

Please note: Associates must continue to perform a managerial role and manage a team of subordinates throughout the entire GC process and for the remainder of Cognizant US employment. Failure to do so can result in withdrawal of the EB-1 application.

The I-485 is an individual's application, not an employer's application. Associates with a current priority date at <https://www.uscis.gov/visabulletininfo> may proceed with submitting the I-485 application on their own, with or without the assistance of an attorney at the associate's cost. Global Mobility is only permitted to provide general guidance with regard to the I-485 application. Please refer to the detailed guidelines at [\(I-485 EB-1\)](#) for the document checklists and instructions to proceed with the I-485 application.

All costs associated with the I-485, including medical exams, are the responsibility of the associate, even when an associate no longer qualifies due to Cognizant and/or government eligibility requirements.

For further assistance please raise a GSD service request ticket with Global Mobility through: <https://gsd.cognizant.com>

To speak to a member of the GSD service desk team, please call 1-866-822-2024/1-973-368-9500 ext. 56666 Option-5 (GSD Service Desk).

Regards,

Global Mobility Team,
IT.

We have migrated our **Visa request related** queries to our **Voice Support Team**.
